Welcome to the Corpus Christi Cone Zone Everhart Edition

The latest information on the Everhart Construction project direct to your inbox!

Construction Updates

Concrete Curb & Road Pouring Continues

This week the contractor continued road excavation, subgrade preparation and concrete pours for the installation of curbs and sections of roadway from Corona Drive to South Padre Island Drive. In addition, traffic signal foundation installation is underway at the intersection of Corona Drive and Everhart Road.

Work on the roadway, curb, and traffic signals is expected to continue next week.

A traffic shift for Phase 6 of the project is anticipated to take place in the coming weeks.

Current Closures & Traffic Detours

- Northbound and southbound traffic will be shifted to the northbound lanes (East side of Everhart), from South Padre Island Drive to Curtis Clark Drive.
- Traffic will be reduced to one-lane in each direction.
- Both eastbound and westbound access to Corona Drive will be closed at Everhart Road.
- Traffic access to/from Corona Drive and Williams Drive will be detoured using Holly Road.

Safety is the City's top priority. Motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.

Business Feature

Ambulance Service Anticipates Traffic Improvements on Everhart Road

Tac Med ambulance service has been based at 5315 Everhart Road, Suite 8, for 8 years. Station manager Judy Luce has been a part of the Tac Med private ambulance company for over 10 years and has used that professional experience in emergency medical response to find efficient solutions to the challenges presented by the Everhart Road construction project. While construction on Everhart Road progresses, the Tac Med team anticipates the improvement of traffic flow and safety for their operations once street construction is completed.

Tac Med currently operates with a fleet of 6 ambulance trucks and 2 wheelchair vans to serve their Corpus Christi area clients. Leadership at Tac Med has worked diligently throughout the Everhart Road construction project to find the best emergency routes for a quick response. To learn more about services with Tac Med, contact their office at 361-882-4290.
