2011 TRAINING

The City of Corpus Christi's Development Services Department is pleased to offer this unique workshop for **plan review specialists, contractors, code enforcement specialists & inspectors** to earn Continuing Education Units (CEUs) while enhancing their knowledge, skills, and abilities.

Attendees will leave the workshop with:

- ✓ Practical examples to illustrate code requirements
- ✓ Illustrations of everyday problems and potential resolutions
- ✓ Measurements that are not mentioned in code languages and yet are assumed

In order to make the workshop available for everyone in your department, we are offering it on two separate occasions.

Session 1 Tuesday, November 8th
Wednesday, November 9th
8:00 AM to 5:00 PM

Session 2 Thursday, November 10th
Friday, November 11th
8:00 AM to 5:00 PM

WORKSHOPS

Exiting the Building

Means of Egress: 2009 IBC, Chapter 10

This class is a basic overview of egress requirements. Detailed discussions on

- design of the means of egress,
- occupant loads,
- egress width,
- number of exits,
- travel distance,
- common path of egress travel, and
- exit enclosures.

Stairways, Landings, & Guards

Means of Egress: 2009 IRC

This course will provide an in-depth, step-by-step [pun intended] view of all residential code requirements and best practices for

- stairways,
- landings,
- guards, and
- handrails

Electrical Service 101

2008 NEC®

Dwelling Electrical Service 101 provides the general working knowledge and tools necessary to perform residential electrical inspections. This class follows a linear process for determining the minimum electrical service general requirements based upon both *General and Optional Methods of Calculation* depicted in the 2008 NEC®.

REGISTRATION
