MUNICIPAL SERVICES PLAN FOR THE SOUTHSIDE FM 2444 AREA

INTRODUCTION

This Municipal Services Plan ("Plan") is made by the City of Corpus Christi, Texas pursuant to Section 43.056 of the Texas Local Government Code. This Plan relates to the annexation of approximately 16.34 square miles of land generally located south of FM 2444 and west of County Road 41. Exhibit A, attached to this Plan contains a metes and bounds description and a map of the area. This plan will be attached to the ordinance annexing the Southside FM 2444 Area.

The proposed annexation of the Southside FM 2444 Area will follow all of the requirements contained in the Texas Local Government Code Chapter 43 required for annexation, including but not limited to, requirements for public notice and public hearings. In addition, the FM 2444 Area proposed for annexation satisfies Chapter 43, Section 43.052.h, that exempts an area proposed for annexation from the requirement that an area to be annexed must first be included in the City's Annexation Plan for three years prior to adoption of an annexation ordinance. Section h. specifies that if an area contains less than 100 residential units on separate tracts, then the area to be annexed is "exempt" from the plan requirement. Based on a land use analysis and appraisal district records for the area there are 16 dwellings on separate tracts. Therefore, the area proposed for annexation is "exempt" from the annexation plan requirement.

EFFECTIVE TERM

This Plan shall be in effect for a ten-year period commencing on the effective date of the annexation, unless otherwise stated in this Plan. Renewal of the Plan shall be at the option of the City. A renewal of this Plan may be exercised by the City Council provided the renewal is adopted by ordinance and specifically renews this Plan for a stated period of time.

INTENT

The City Council of the City of Corpus Christi, Texas, finds and determines that this Plan will not provide any fewer services or a lower level of services in the annexation area than were in existence in the annexation area at the time immediately preceding the annexation process. The service plan will provide the annexed area with a level of service, infrastructure, and infrastructure maintenance that is comparable to the level of service, infrastructure, and infrastructure maintenance available in other parts of the municipality with topography, land use, and population density similar to those reasonably contemplated or projected in the area.

The City reserves the right guaranteed to it by the Texas Local Government Code to amend this Plan if the City Council determines that changed conditions or subsequent occurrences or any other legally sufficient circumstances exist under the Local Government Code or other Texas laws to make this Plan unworkable or obsolete or unlawful.

SERVICE ELEMENTS

Following annexation, public streets for which the city has jurisdiction will be included in the City's preventive maintenance program. Preventive maintenance projects are prioritized on a Citywide basis and scheduled based on a variety of factors, including pavement roughness, rideability, age, traffic volume, functional class, and available funding. Any necessary rehabilitation or reconstruction will be considered on a citywide priority basis.

The Traffic Engineering Division of the Street Department will also provide regulatory signage services in the annexation area. All regulatory signs and signals are installed when warranted following an engineering study. All roadways are re-stripped and remarked and signage replaced as needed.

- Immediately following annexation, all properties will be subject to the City's monthly street fee program. The street fee is a monthly fee which is collected from Corpus Christi residents and business owners and which appears on their monthly utility bills.

g. Operation and Maintenance of Parks, Playgrounds and Swimming Pools

Any park that may be under the responsibility of the County will be maintained by the City only upon dedication of the park by the County to the City and acceptance of the park by the City Council. At this time there are no public recreational facilities in the annexation area including parks, playgrounds, and swimming pools.

h. Operation and Maintenance of any other Publicly-Owned Facility, Building, or Service.

All other City Departments with jurisdiction in the area will provide services according to City policy and procedure.

2. CAPITAL IMPROVEMENTS PROGRAM

- f. **Roads and Streets.** No road or street related capital improvements are necessary at this time. In general, the City will acquire control of all public roads and public streets within the annexation area upon annexation.
