

# McDOUX

## PRESERVATION

LLC

McDoux Preservation LLC was founded in 2007 as a successor to Steph McDougal's previous Ohio-based performance improvement consulting firm. Since then, we have increasingly focused our work on projects that bring our expertise in research and analysis to bear for our clients, with an eye to developing new and evaluating/improving existing programs, processes, and policies. McDoux's data-driven, community-driven approach has been recognized with awards from the American Planning Association (National and Texas chapter), Preservation Texas, Preservation Austin, Preservation Houston, and the American Society of Landscape Architects (Virginia chapter). McDoux previously prepared the nomination for Corpus Christi's Old Bayview Cemetery, which was listed on the National Register of Historic Places in October 2020. The firm has worked or is currently working with Texas cities including Austin, Houston, Galveston, Paris, Sugar Land, Freeport, Round Rock, Georgetown, and Belton, as well as clients in Iowa, Ohio, and Florida. Nonprofit clients include the Texas Historical Commission, Texas Association of Museums, Coalition of State Museum Associations, Preserve Arkansas, Galveston Arts Center, and Christ Church Cathedral (Houston), among others.

Houston-based principal consultant Steph McDougal is leading this project, with assistance from associate consultants. Madeline Clites (Richmond, Virginia) formerly served as the Texas Historical Commission Certified Local Government specialist. Kelly Little (Austin, Texas) previously worked as a project reviewer for the Texas Historical Commission, as well as the THC's liaison to the Texas General Land Office (Hurricane Ike recovery) and FEMA (Hurricane Harvey recovery). Historic landscape specialist Christina Osborn is located in Charlottesville, Virginia. All consultants meet the U.S. Secretary of the Interior's Standards for Professional Qualifications as outlined in 36 CFR 41.
