## Set up Online Bill Pay with ClickPay

Unfortunately, effective March 1st the Marina office will no longer be able to accept credit card payments over the phone. All credit card payments must be made in the office with the card present or online with ClickPay.

ClickPay is an online payment system meant to streamline the payment process and allow tenants full access to their account information. With ClickPay you will be able to view your account in real time, set up recurring or one time payments for free with an e-check or with a credit or debit card for a fee. Pay your slip rent, electrical overages, pump outs, and haul out charges from the comfort of your home or vessel.

Tenants with a credit card on file with the Marina office will need to switch over to ClickPay **on their own**. The attached ClickPay flyer has detailed instructions on how to set up your account. You will receive a phone call from the Marina office as a reminder that February will be the last month we'll run automatic credit card payments. The Marina office will automatically transfer all accounts that have a **bank draft** on file to the ClickPay system.

Visit [www.ClickPay.com/CorpusChristi](http://www.ClickPay.com/CorpusChristi) to set up your account.
