Book Club

Oso Bay Wetlands Preserve – Book Club

Come, join a fun lively bunch of science, nature and outdoor lovers! We read a book together each quarter, mostly books related to the natural sciences, but we pick them as a group.

In *The Gilded Dinosaur*, Mark Jaffe tells the story of two paleontologists, Charles Marsh and Edward Cope, and their fierce rush to discover the most dinosaurs in the newly expanding American west. Their desire to outdo one another leads to the harshest scientific rivalries, and some of the most amazing dinosaur discoveries.

- This program is **FREE** of charge and open to individuals and families.
