Explore science topics as a family!

Preserving Natural Collections: Ever found a cool bug, butterfly or seashell and wished you could preserve it safely for a long time? Perhaps make your own natural collection? We will learn to preserve plants with presses. We'll learn to properly preserve and pin insects, so they last. We will also learn the basics of using epoxy resins to preserve specimens.

- Program fee is \$8 per person, per event.
- This program is open to individuals and families with children age 5 and up. All children attending the program must be accompanied by an adult.
- Online registration is required at register.ccparkandrec.com.
- Each program is limited to 25 participants.
