Homeschool Days

Native Texans in the Oso Bay Area

Did you know that one of the largest Native American archeological sites in Texas was along Oso Bay? This area was heavily used by native Texans. In this event we will explore how people lived in this area prior to the arrival of Europeans.

- This homeschool day is open to up to 40 students.
- Each date is \$5 per child and registration is separate for each event.
- Target age range for the activities is ages 8-12. Though students outside of this age range are welcome to attend, the material may not be as ideal, our instructors will do their best to include all students as they can.
- Online registration is required for each date individually at <http://register.ccparkandrec.com>.
