Andrew Ropicki, Marine Economics Extension Specialist

Dr. Ropicki will present on how recreational fishing in the Coastal Bend region enhances the local economy. Habitat restoration projects, such as oyster reef restoration, can increase economic benefits associated with recreational fishing.

In addition, Dr. Ropicki will explain how Texas Sea Grant and partner institutions are working to enhance recreational fishing opportunities and associated benefits.

- Class size is limited to 24 participants.
- This program is **FREE** and open to individuals and families.
