# BIOBLITZ

Oso Bay Wetlands Preserve is hosting a BioBlitz event as part of the national Parks for Pollinators campaign, which is aimed at raising public awareness of the importance of pollinators. Organized by the National Recreation and Park Association (NRPA) and The Scotts Miracle-Gro Foundation, the Parks for Pollinators BioBlitz event is conducted during June, to celebrate Pollinator Month.

Pollinators are a vital component of our ecosystem, and an essential link to the world's food supply. In the last 30 years, the United States has seen a steady decline of pollinators at an alarming rate of 30% annually — making it vital to take action on pollinator protection.

Anyone is welcome to come participate in our Pollinator BioBlitz. We will be using the iNaturalist app platform to record our observations so feel free to bring your own device if you would like.

- Program is **FREE** and designed for ages 6 and up.
- Online registration is encouraged at <http://register.ccparkandrec.com>.
