Construction Updates

New Road Closures Along Construction Path

As part of Phase 1, the contractor worked on the installation of additional concrete driveways and sidewalks which is expected to continue into next week. They also plan to complete the final street work on the east side of the intersection of Everhart Road and Bonner Drive.

As part of Phase 2, the contractor spent the week smoothing driveways and patching potholes required to begin Phase 2 of construction. They also worked to complete the install of blue business signs from Curtis Clark Drive to Corona Drive. Next week, the contractor is expected to begin utilities work in the area as well as the installation of two manholes at the intersection of Curtis Clark Drive and Everhart Road.

Northbound and Southbound traffic are shifted to the southbound lanes (west side) and will be reduced to one lane in each direction between Holly Road and Corona Drive. Southbound traffic, between SPID and Corona Drive will be reduced to one lane approaching the intersection at Corona Drive. The intersection of Curtis Clark Drive and Everhart Road (east side) is currently closed to eastbound traffic. City Contractors plan to close the intersection of Bonner Drive and Everhart Road (east side) on Wednesday, May 20, weather permitting. Curtis Clark Drive will be reopened once this closure is implemented.

Within the construction zone there are left-turn restrictions at intersections. Left-turn movements are restricted for northbound Everhart Road traffic at Bonner Drive, Curtis Clark Drive and Corona Drive. Left-turn movements are restricted for southbound Everhart Road traffic at Holly Road, Bonner Drive, and Curtis Clark Drive.

All work is weather permitting.

Closures include:

- Northbound lanes are closed from Holly Road to Corona Drive for construction.
- Northbound and southbound is shifted to the southbound lands (west side), from Holly Road to Corona Drive. Traffic is reduced to one-lane in each direction.
- Northbound traffic on Everhart Road will continue to be allowed to make left turns at the Holly Road intersection.
- Left turns from southbound Everhart Road traffic will still be restricted at Holly Road, Bonner Drive and Curtis Clark Drive.
- Left turns from northbound Everhart Road traffic will be restricted at Bonner Drive, Curtis Clark Drive and Corona Drive.
- The right turn lane on Holly Road is closed but right turns onto northbound Everhart Road is allowed from the right travel lane.
- Sidewalks will continue to be closed along Phase 1 until the completion of the project. Phase 2 sidewalks will also be closed along the east side of Everhart Road from Bonner Drive to Corona Drive.
- Phase 2 northbound lanes are closed from Bonner Drive to Curtis Clark Drive.
- The right turn lane on Holly road is closed, but right turns onto northbound Everhart Road will still be allowed from the right travel lane.

Featured Business

Business Owner No Stranger to Road Work

Business owner Bill Clark has owned TaxPro at 5301 Everhart Road for more than 20 years. Clark is a federally authorized tax advisor specializes in bookkeeping, tax assistance, and payroll services.

Clark said he was glad to be done with the Corona Drive road work and was surprised to see another road project start so soon. He is pleased to see the Everhart Road Project because the street improvements are so badly needed.

The tax advisor said there has not been much traffic around his business lately because COVID-19 led to a tax filing extension. He is patiently waiting for the project's completion and said repaved and wider roads along with better access to businesses are needed and worth the minor traffic challenges.
