## Welcome to the Corpus Christi Cone Zone Everhart Edition

The latest information on the Everhart Construction project direct to your inbox.

### Construction Updates

#### Gas Department Begins Install of Gas Lines Next Week

As part of the Everhart Road construction, contractors continued the installation of the 10" sewer pipes and deep wells from Curtis Clark Drive to Corona Drive.

Next week, crews will continue laying the 10" sewer pipe and installing wastewater manhole's between Curtis Clark Drive and Corona Drive. Additionally, the Corpus Christi Gas Department will start laying Gas lines in the same area. The contractor also plans to remove existing sidewalks and driveways.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.

Closures include:

- Northbound lanes are closed from Holly Road to Corona Drive for construction.
- Northbound and southbound traffic is shifted to the southbound lanes (west side), from Holly Road to Corona Drive. Traffic is reduced to one-lane in each direction.
- Northbound traffic on Everhart Road will continue to be allowed to make left turns at the Holly Road intersection.
- Left turns from southbound Everhart Road will still be restricted at Holly Road, Bonner Drive and Curtis Clark Drive.
- Left turns from northbound Everhart Road will be restricted at Bonner Drive, Curtis Clark Drive and Corona Drive.
- The right turn lane on Holly Road is closed, but right turns onto northbound Everhart Road will still be allowed from the right travel lane.
- Sidewalks will continue to be closed along Phase 1 until the completion of the project. Phase 2 sidewalks will also be closed along the east side of Everhart Road from Bonner Drive to Corona Drive.
- Phase 2 northbound lanes are closed from Bonner Drive to Curtis Clark Drive.

#### Email Updates - Tell Your Neighbors To Sign Up!

Good News! You are already receiving the email alerts for construction. We need your help in spreading the word to neighboring businesses on Everhart.

### Business Feature

#### Animal Hospital on Everhart Road is Ready to Care for Your Pets

The Everhart Road Project has progressed enough that local pet owners are now able to access Belcher Animal Hospital with an improved driveway. The driveway, which has been widened for access from Everhart Road to the veterinary parking lot, now has ample space for supporting both entering and exiting traffic.

Anna Storm, the clinic Office Manager, says the improvements to their street entrance were made just in time to handle the influx of pet clients coming in to receive treatment. Thanks to COVID-19 restrictions on work and leisure activities, pet owners are taking the time to get their furry friends caught up with vaccinations and routine care.

Belcher Animal Hospital, located at 5626 Everhart Road, is a family owned clinic that provides a host of routine services for pet care. The clinic provides services and procedures including; vaccinations, x-rays, spaying, neutering and dental cleaning. Dr. William Belcher is the owner and veterinary services provider.
