Welcome to the Corpus Christi Cone Zone Everhart Edition

The latest information on the Everhart Construction project direct to your inbox.

Construction Updates

Northbound Lane Gets New Concrete Next Week

The contractor continued with the installation of the 10” sewer pipe and wastewater manholes this week along Curtis Clark Drive and Corona Drive. They also, worked to remove sidewalks and driveways in the same area. The City’s Gas Department continues installation of new gas lines as part of Phase 2 construction.

Starting next week, the contractor will begin pouring concrete on the right northbound lane from Curtis Clark Drive to Corona Drive. The new concrete will allow for a smoother driving service for motorists. Utility work is also expected to continue during the week

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.

Closures include:

- Northbound lanes are closed from Holly Road to Corona Drive for construction.
- Northbound and southbound traffic is shifted to the southbound lanes (west side), from Holly Road to Corona Drive. Traffic is reduced to one-lane in each direction.
- Northbound traffic on Everhart Road will continue to be allowed to make left turns at the Holly Road intersection.
- Left turns from southbound Everhart Road will still be restricted at Holly Road, Bonner Drive and Curtis Clark Drive.
- Left turns from northbound Everhart Road will be restricted at Bonner Drive, Curtis Clark Drive and Corona Drive.
- The right turn lane on Holly Road is closed, but right turns onto northbound Everhart Road will still be allowed from the right travel lane.
- Sidewalks will continue to be closed along Phase 1 until the completion of the project. Phase 2 sidewalks will also be closed along the east side of Everhart Road from Bonner Drive to Corona Drive.
- Phase 2 northbound lanes are closed from Bonner Drive to Curtis Clark Drive.

Business Feature

Traffic to Taco Bell Remains Unaffected by Construction on Everhart

Business at the Taco Bell Restaurant located at 5530 Everhart Road, remains largely unaffected by street construction. Even when crews were working directly in front of the restaurant, traffic to the Taco Bell drive-through remained steady and normal, says Manager on Duty Melissa Lara. Now, that work has progressed away from the restaurant, the path from the street to the drive-through can clearly be seen by drivers on Everhart Road.

Taco Bell remains open for drive-through service during its usual open hours, 9:30am – 4:00am. Customers who prefer Taco Bell delivered to their door can use all food delivery platforms, such as; Grubhub, DoorDash, Favor and Uber Eats. Management at the Everhart Taco Bell would like Corpus Christi residents to know that their staff is committed to following all COVID-19 safety guidelines and all workers are using recommended safety precautions.

The **#CCCouncil** approved a loan program with LiftFund Inc. for small businesses impacted by COVID-19. For more information, businesses can call 1-888-215-2373, and apply online at www.LiftFund.com .

Calling Everhart Businesses

We are looking for businesses along the Everhart Road Construction corridor who would like to be featured in an upcoming newsletter. The feature is free and open to all businesses along the construction path. Email us at **MelanieL@cctexas.com** to let us know you would like to participate. .
