### Construction Updates

#### Fire Hydrant Relocation Expected Next Week

The contractor is nearing completion of the storm water pipe installation, storm water line video inspection and existing ditch work along Ayers Street. They are also moving forward with street excavation and expect to continue this into next week. Ayers Street residents and business owners can also expect to see night work next week for the relocation of a fire hydrant.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.
