Ayers Street Construction Expected to Begin Soon

In partnership with the City, the contractor is finalizing the Traffic Control Plan (TCP) required to move forward with the Ayers Street Pedestrian & Turn Lane Project from South Padre Island Drive (S.P.I.D) to Gollihar Road. The City anticipates the TCP to be approved within a week and construction to begin in 1-2 weeks following its approval.

All work is weather permitting.

Weekly Construction Survival Tip

Delivery Anyone?

Consumers are always looking for the away to make their limited shopping time a little more convenient. Construction time maybe the perfect time for your business to explore delivery options for your busy customers. Advertise your merchandise on social media and on your website giving your shoppers the ability to shop from the comfort of their own home. Utilize delivery services in your area to help with the workload. Consider offering free shipping or a small discount for repeat clients to keep them coming back for more.

Featured Business

Shop Owner Believes Smoother Road will be Safer for Bikers

Danny Clark, President of Dynamo Cycle, says the Ayers Street Pedestrian & Turn Lane Project will benefit his customers. Once completed motorcycle riders will have a better road to get to his business.

Dynamo Cycle, a family business, has been located at 4531 Ayers Street #407 for the last 15 years and specializes in motorcycle parts and accessories.

The location is accessible to riders coming from either HWY 286 or Ayers Street. The only downside Clark said will be the roughness of the road once construction begins.
