Construction Updates

Contractor Continues with Waterline Install

This week the Ayers Street Pedestrian contractor continued with the installation of the 8" waterline along the west side of Ayers Street from McArdle Road to Mansheim Boulevard. The contractor is also installing fire hydrants in the same area.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.

Closures & Changes Include:

- Johanna Street to Crosstown/SPID Interchange (Northbound)– The outside thru lane on Ayers Street will be closed approaching the Crosstown/SPID interchange. This lane closure will continue through the underpass of SPID. This closure will not impact access to the eastbound frontage road.
- Johanna Street to Crosstown/SPID Interchange (Southbound) - The left turn lane and median openings will be closed.
- Crosstown/SPID Interchange to McArdle Road– Northbound Ayers Street will be CLOSED at the Crosstown/SPID Interchange intersection. Motorists must use alternate detour routes such as the SH 286 northbound frontage road, Gollihar Road, Kostoryz Road, or McArdle Road to access local businesses between the frontage road and McArdle Road.
- McArdle Road to Gollihar Road (Northbound)– Ayers Street will be closed to northbound thru traffic at the intersection at McArdle Road. Thru traffic is required to follow the McArdle Road detour and avoid local and residential side streets.
- McArdle Road to Gollihar Road (Southbound)- Ayers Street will be reduced to one lane, one-way traffic flow in the southbound direction only. Access to all local businesses is provided.
- Ayers Street and Gollihar Road Intersection – The outside thru lane on Ayers Street, in the southbound direction only, will be closed approaching the Gollihar Road intersection.
- SH 358 Frontage Road (Eastbound) – The shared thru left turn lane will be closed.

Featured Business

More Room for Drivers

Gasti, Inc. Office Manager Laura Flores has seen her share of pedestrian and bicycle accidents along Ayers Street and says the road improvements are much needed.

The industrial company offers gas-related sales, services, and training. It has been at 4616 Ayer Street for more than 10 years and before that its original location was just across the street.

Flores says, right now it's difficult for trucks to deliver products to the company because of the barricades in the area. She expects once the project is complete there will be a lot more space for everyone.
