Construction Updates

Concrete Road Removal Starts Next Week

This week, the contractor worked to complete the installation of several reinforced concrete boxes along Nemec Drive and McArdle Road. They also continued with the install of waterlines in the same area.

Next week, the contractor plans to begin removing old concrete road that is currently located underneath a layer of asphalt. Crews will also continue with the install of fire hydrants and waterlines from Nemec Drive to McArdle Road.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.

Closures & Changes Include:

- Johanna Street to Crosstown/SPID Interchange (northbound) – The outside thru lane on Ayers Street will be closed approaching the Crosstown/SPID interchange. This lane closure will continue through the underpass of SPID. This closure will not impact access to the eastbound frontage road.
- Johanna Street to Crosstown/SPID Interchange (southbound) - The left turn lane and median openings will be closed.
- Crosstown/SPID Interchange to McArdle Road – Northbound Ayers Street will be CLOSED at the Crosstown/SPID Interchange intersection. Motorists must use alternate detour routes such as the SH 286 northbound frontage road, Gollihar Road, Kostoryz Road, or McArdle Road to access local businesses between the frontage road and McArdle Road.
- McArdle Road to Gollihar Road (northbound) – Ayers Street will be closed to northbound thru traffic at the intersection at McArdle Road. Thru traffic is required to follow the McArdle Road detour and avoid local and residential side streets.
- McArdle Road to Gollihar Road (southbound) - Ayers Street will be reduced to one lane, one-way traffic flow in the southbound direction only. Access to all local businesses is provided.
- Ayers Street and Gollihar Road Intersection – The outside thru lane on Ayers Street, in the southbound direction only, will be closed approaching the Gollihar Road intersection.
- SH 358 Frontage Road (eastbound) – The shared thru left turn lane will be closed.

Business Feature

Local Tool Retailer is Ready for Safer Roads for Customers & Suppliers

After being open for over 20 years, Southern Fastening Systems, has seen little interruption in their business due to the ongoing Ayers Street construction project. Even so, Southern Fastening Systems Operations Manager, James Frye, is looking forward to a safer roadway once construction is completed. When the roadway improvements are completed, Frye says his suppliers with semi-trucks and contractors with large trucks, will have a safer and easier time accessing their store.

Southern Fastening Systems provides a wide variety of specialty products and tools related to building and construction, they include; power tools, compressed-air power tools and building/construction supplies. In addition to carrying popular specialty products for contractors, Southern Fastening Systems also offers tool repair services.

To see what more Southern Fastening Systems has to offer call: 361-854-9672 or visit: <https://www.southern-carlson.com/storelocator/cc>
