## Welcome to the Corpus Christi Cone Zone Ayers Edition

The latest information on the Ayers Pedestrian project direct to your inbox!

### Construction Updates

#### Rain Does Not Delay Construction

This week, the contractor worked to clear out water that had accumulated during bad weather. This caused a slight interruption with the install of the storm sewer boxes along McArdle Road. The rainwater was quickly drained, and the contractor was able to move forward. Utilities work, testing, and monitoring of the waterline also continued this week.

Next week, the contractor will continue with the install of the 6'x3' reinforced concrete storm sewer boxes from Nemece Drive to McArdle Road as well as adding additional fire hydrants in the same area.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.

#### Closures & Changes Include:

- Johanna Street to Crosstown/SPID Interchange (Northbound) – The outside thru lane on Ayers Street will be closed approaching the Crosstown/SPID interchange. This lane closure will continue through the underpass of SPID. This closure will not impact access to the eastbound frontage road.
- Johanna Street to Crosstown/SPID Interchange (Southbound) - The left turn lane and median openings will be closed.
- Crosstown/SPID Interchange to McArdle Road – Northbound Ayers Street will be CLOSED at the Crosstown/SPID Interchange intersection. Motorists must use alternate detour routes such as the SH 286 northbound frontage road, Gollihar Road, Kostoryz Road, or McArdle Road to access local businesses between the frontage road and McArdle Road.
- McArdle Road to Gollihar Road (Northbound) – Ayers Street will be closed to northbound thru traffic at the intersection at McArdle Road. Thru traffic is required to follow the McArdle Road detour and avoid local and residential side streets.
- McArdle Road to Gollihar Road (Southbound) - Ayers Street will be reduced to one lane, one-way traffic flow in the southbound direction only. Access to all local businesses is provided.
- Ayers Street and Gollihar Road Intersection – The outside thru lane on Ayers Street, in the southbound direction only, will be closed approaching the Gollihar Road intersection.
- SH 358 Frontage Road (Eastbound) – The shared thru left turn lane will be closed.

#### Email Updates - Tell Your Neighbors To Sign Up!

Good News! You are already receiving the email alerts for construction. We need your help in spreading the word to neighboring businesses on Ayers.

#### Calling Ayers Businesses

We are looking for businesses along the Ayers Construction corridor who would like to be featured in an upcoming newsletter. The feature is free and open to all businesses along the construction path. Email us at [MelanieL@cctexas.com](mailto:MelanieL@cctexas.com) to let us know you would like to participate.
