Construction Updates

Hurricane Hanna Does Not Delay Work on Ayers Street

This week, crews were able to get back to work following heavy wind and rain associated with Hurricane Hanna. After clean-up and water removal was complete, the contractor completed work on the 8" waterline along the west side of Ayers Street from McArdle Road to Mansheim Boulevard. They also were able to complete the installation of the fire hydrants along the west side of Ayers Street from McArdle Road to Gollihar Road.

Next week, it is anticipated that the general contractor will continue the placement of the 6'x3' storm sewer boxes from McArdle Road to Sunnybrook Road. They will also work on the breaking, removing, and hauling of the existing concrete road and driveways from Nemec Street to Gollihar Road.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.

Closures & Changes Include:

- Johanna Street to Crosstown/SPID Interchange (northbound) – The outside thru lane on Ayers Street will be closed approaching the Crosstown/SPID interchange. This lane closure will continue through the underpass of SPID. This closure will not impact access to the eastbound frontage road.
- Johanna Street to Crosstown/SPID Interchange (southbound) - The left turn lane and median openings will be closed.
- Crosstown/SPID Interchange to McArdle Road – Northbound Ayers Street will be CLOSED at the Crosstown/SPID Interchange intersection. Motorists must use alternate detour routes such as the SH 286 northbound frontage road, Gollihar Road, Kostoryz Road, or McArdle Road to access local businesses between the frontage road and McArdle Road.
- McArdle Road to Gollihar Road (northbound) – Ayers Street will be closed to northbound thru traffic at the intersection at McArdle Road. Thru traffic is required to follow the McArdle Road detour and avoid local and residential side streets.
- McArdle Road to Gollihar Road (southbound) - Ayers Street will be reduced to one lane, one-way traffic flow in the southbound direction only. Access to all local businesses is provided.
- Ayers Street and Gollihar Road Intersection – The outside thru lane on Ayers Street, in the southbound direction only, will be closed approaching the Gollihar Road intersection.
- SH 358 Frontage Road (eastbound) – The shared thru left turn lane will be closed.

Business Feature

Bill Miller Bar-B-Q on Ayers Looking Forward to End of Construction

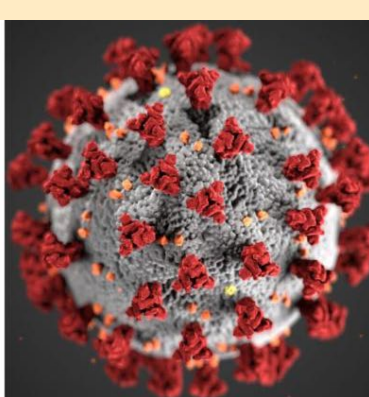

Bill Miller Bar-B-Q, located at 4946 Ayers Street, is looking forward to the Ayers Street construction being finished. With COVID and construction happening all at once, the restaurant has added curbside pick-up as an option for customers on the go. Due to traffic on Ayers Street being restricted to one-way north-bound traffic only, Store Manager Crystal Yanez recommends that customers coming from the north-west detour and use McArdle Road, Blundell Drive to Nemec Street, to reach the restaurant and avoid construction.

While the dining room at this Bill Miller Bar-B-Q is closed, the staff is happy to offer its customers options for curbside pick-up of orders and drive-through service. The store manager would like Corpus Christi residents to know that they take the temperatures of every employee as a COVID-19 safety precaution.

To place an order for curbside pick-up, call Bill Miller Bar-B-Q on Ayers near SPID at 361-852-0818.
