Storm Sewer Pipe Installation Progresses Along Ayers Street

This week, the installation of storm sewer pipes, curb inlets, and manholes from Sunnybrook Road to Viola Avenue continued.

Additionally, road excavation and placement of limestone road base continued from Mansheim Boulevard to Sunnybrook Road. The intersection of Ayers Street and Mansheim Boulevard is scheduled to be reopened on Friday, August 20.

Next week, the installation of storm sewer pipes, curb inlets, and manholes will continue from Sunnybrook Road to Viola Avenue. Road excavation and placement of limestone road base will also continue on Ayers Street from Mansheim Boulevard to Sunnybrook Road. In the coming weeks, the contractor plans to begin the installation of new curb and gutter on the east side of Ayers Street from Nemec Street to McArdle Road.

All work is weather permitting.
