Construction Updates

Old Concrete Road is Being Hauled Away

This week, crews continued working to install the 6'x3' storm sewer boxes along the construction path. They also worked on the breaking, removing, and hauling of the existing concrete road down the center line of the roadway. The subcontractor on the project also continued with the install of the waterline connections.

Next week, the general contractor will continue the placement of the 6'x3' storm sewer boxes. They will also continue the work of removing existing concrete road and driveways along the construction path.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.

Closures & Changes Include:

- Johanna Street to Crosstown/SPID Interchange (northbound) – The outside thru lane on Ayers Street will be closed approaching the Crosstown/SPID interchange. This lane closure will continue through the underpass of SPID. This closure will not impact access to the eastbound frontage road.
- Johanna Street to Crosstown/SPID Interchange (southbound) - The left turn lane and median openings will be closed.
- Crosstown/SPID Interchange to McArdle Road – Northbound Ayers Street will be CLOSED at the Crosstown/SPID Interchange intersection. Motorists must use alternate detour routes such as the SH 286 northbound frontage road, Gollihar Road, Kostoryz Road, or McArdle Road to access local businesses between the frontage road and McArdle Road.
- McArdle Road to Gollihar Road (northbound) – Ayers Street will be closed to northbound thru traffic at the intersection at McArdle Road. Thru traffic is required to follow the McArdle Road detour and avoid local and residential side streets.
- McArdle Road to Gollihar Road (southbound) - Ayers Street will be reduced to one lane, one-way traffic flow in the southbound direction only. Access to all local businesses is provided.
- Ayers Street and Gollihar Road Intersection – The outside thru lane on Ayers Street, in the southbound direction only, will be closed approaching the Gollihar Road intersection.
- SH 358 Frontage Road (eastbound) – The shared thru left turn lane will be closed.

Business Feature

Find Your Way Safely to Whataburger at the Ayers and SPID Intersection

Safety is the number one priority for Whataburger Manager Maria Flores as she works to navigate both construction and COVID-19. Staff located at the 2402 South Padre Island Drive Whataburger, work hard everyday to serve residents a burger, just like they like it.

Residents in the mood for a Whataburger are recommended to use alternate streets to reach the Whataburger restaurant. Manager Flores says that drivers approaching from the southside and eastside of Corpus Christi are encouraged to use the Kostoryz Road exit from South Padre Island Drive, turn right onto Dodd Street, and then left on Nemece Street. She also recommends that customers coming from the northwest detour and use McArdle Road, Blundell Drive to Nemece Street, to reach the restaurant and avoid construction.

Hungry Whataburger customers that may be in a hurry or concerned about COVID-19 are encouraged to use the improved [Whataburger App](#) to submit orders for curbside service and drive-through pick-up. Customers who prefer to dine-in are reminded that masks are required when entering Whataburger, and when ordering from the front counter.
