### Construction Updates

#### Ayers Project Contractor Works to Remove Old Roadway

This week, the general contractor continued laying storm pipes and curb inlets while also moving forward with the removal of existing roadway subgrade. The subcontractor continued work on waterline connections as well. Next week, both the general and subcontractors will continue with the same tasks as the previous week as the project progresses.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.

#### Closures & Changes Include:

- Johanna Street to Crosstown/SPID Interchange (northbound) – The outside thru lane on Ayers Street will be closed approaching the Crosstown/SPID interchange. This lane closure will continue through the underpass of SPID. This closure will not impact access to the eastbound frontage road.
- Johanna Street to Crosstown/SPID Interchange (southbound) - The left turn lane and median openings will be closed.
- Crosstown/SPID Interchange to McArdle Road – Northbound Ayers Street will be CLOSED at the Crosstown/SPID Interchange intersection. Motorists must use alternate detour routes such as the SH 286 northbound frontage road, Gollihar Road, Kostoryz Road, or McArdle Road to access local businesses between the frontage road and McArdle Road.
- McArdle Road to Gollihar Road (northbound) – Ayers Street will be closed to northbound thru traffic at the intersection at McArdle Road. Thru traffic is required to follow the McArdle Road detour and avoid local and residential side streets.
- McArdle Road to Gollihar Road (southbound) - Ayers Street will be reduced to one lane, one-way traffic flow in the southbound direction only. Access to all local businesses is provided.
- Ayers Street and Gollihar Road Intersection – The outside thru lane on Ayers Street, in the southbound direction only, will be closed approaching the Gollihar Road intersection.
- SH 358 Frontage Road (eastbound) – The shared thru left turn lane will be closed.

#### Email Updates - Tell Your Neighbors To Sign Up!

Good News! You are already receiving the email alerts for construction. We need your help in spreading the word to neighboring businesses on Ayers.

### Business Feature

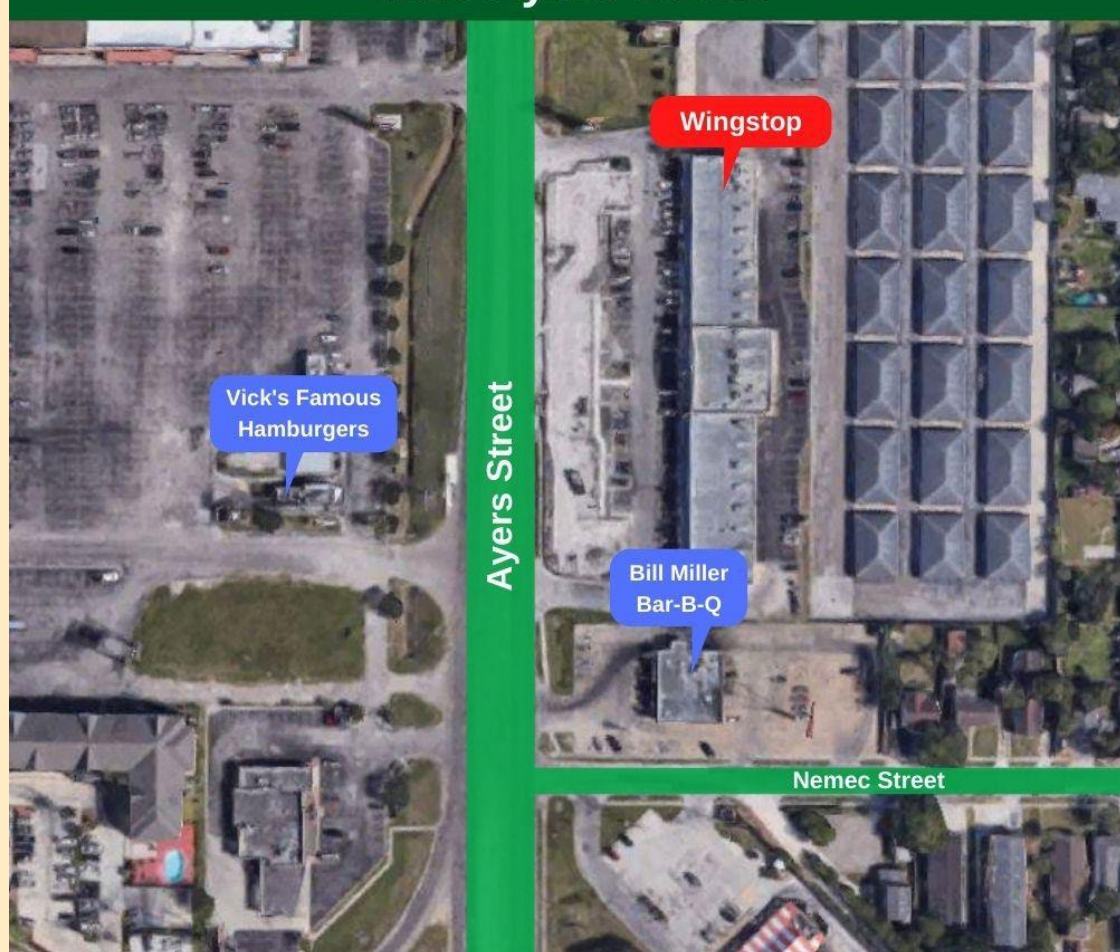

#### Safe and Socially Distant Chicken Wing Pick-Up at Wingstop

Business at Wingstop, at 4918 Ayers Street, Suite 102, has remained busy throughout the summer. Construction on Ayers Street has not affected hungry Wingstop regulars and first-time visitors at this location, customers are able to call 361-850-9464 for directions to the store. The staff at Wingstop on Ayers have easily adjusted to the construction work and traffic changes says Assistant Manager Grace DeLuna. Staff and customers alike look forward to an improved roadway and much better driving conditions.

While the dining area is currently closed as a COVID-19 safety measure, carryout customers are able to enter the store 3 at a time, with masks, to pick up their fresh chicken wing order. Place your delivery or carryout order for Wingstop at [www.wingstop.com](http://www.wingstop.com) or call 361-850-9464.
