Construction Updates

Demolition and Removal of Old Concrete Road Continues

This week, crews continued to lay new storm pipes and curb inlets. The subcontractor on the project also continued with the installation of waterline connections.

Next week, the general contractor will continue laying storm pipes and curb inlets while moving forward with the removal of existing roadwork subgrade. The subcontractor will continue work on waterline connections as well.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

All work is weather permitting.

Closures & Changes Include:

- Johanna Street to Crosstown/SPID Interchange (northbound) – The outside thru lane on Ayers Street will be closed approaching the Crosstown/SPID interchange. This lane closure will continue through the underpass of SPID. This closure will not impact access to the eastbound frontage road.
- Johanna Street to Crosstown/SPID Interchange (southbound) - The left turn lane and median openings will be closed.
- Crosstown/SPID Interchange to McArdle Road – Northbound Ayers Street will be CLOSED at the Crosstown/SPID Interchange intersection. Motorists must use alternate detour routes such as the SH 286 northbound frontage road, Gollihar Road, Kostoryz Road, or McArdle Road to access local businesses between the frontage road and McArdle Road.
- McArdle Road to Gollihar Road (northbound) – Ayers Street will be closed to northbound thru traffic at the intersection at McArdle Road. Thru traffic is required to follow the McArdle Road detour and avoid local and residential side streets.
- McArdle Road to Gollihar Road (southbound) - Ayers Street will be reduced to one lane, one-way traffic flow in the southbound direction only. Access to all local businesses is provided.
- Ayers Street and Gollihar Road Intersection – The outside thru lane on Ayers Street, in the southbound direction only, will be closed approaching the Gollihar Road intersection.
- SH 358 Frontage Road (eastbound) – The shared thru left turn lane will be closed.

Business Feature

Harbor Freight Tools for Professionals and DIYers on Ayers Street

Harbor Freight Tools, located at 4955 Ayers Street, carries a full array of essential hardware and tool products for Corpus Christi professionals and DIYers. The importance of easy and safe access to the tool supply retailer is important for new and frequent shoppers. Drivers should be aware of traffic changes on Ayers Street and obey traffic signs while construction is ongoing.

Miguel Lozano, Store Manager says that the store stocks a full selection of hardware, tools and accessories, many of which cannot be found at other retailers. Hard to find categories include air and power tools, welding supplies, and generators. COVID-19 no-contact shopping is also available; customers are able to order products online at www.harborfreight.com and have them delivered to their home or workshop. Harbor Freight is open Monday – Saturday from 8am to 7pm and Sundays from 9am to 6pm.
